Diploma Course in Map Reading

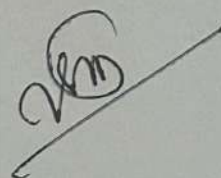

Course Importance/Objectives:

This course aims to develop student's abilities in interpreting maps, understanding scales, symbols and legends and analysing spatial data. It also aims to understand geographical

concepts such as latitude, longitude, contour lines and topographic features through practical application.

Course Outcomes:

At the end of the course students will be able to understand about how to find out the location of any place. Students acquire spatial literacy enabling them to interpret maps effectively and understand geographical phenomena with greater clarity.

A handwritten signature or mark, possibly initials, consisting of a stylized 'V' or 'W' shape with a horizontal line extending to the right.
