

## REPORT OF STUDENT'S SATISFACTION SURVEY FOR THE YEAR 2023-24

Student satisfaction plays a vital role in refining the learning process and ensuring a more effective and engaging educational experience. Pandu College has consistently been dedicated to enhance the academic development of students by continually refining and optimizing the teaching and learning processes. The college conducted a comprehensive student satisfaction survey in addition to the regular student feedback process for the academic session 2023-24. This survey report offers an overview of students' perceptions regarding teaching quality, campus facilities, support services, and their overall satisfaction with the academic experience. The goal of gathering these responses is to identify the strengths and areas for improvement, aiming to create a more supportive and enriching environment for all students. Through these continuous efforts, the college aims to foster a student-focused learning environment that aligns with their needs and expectations.

### METHODOLOGY

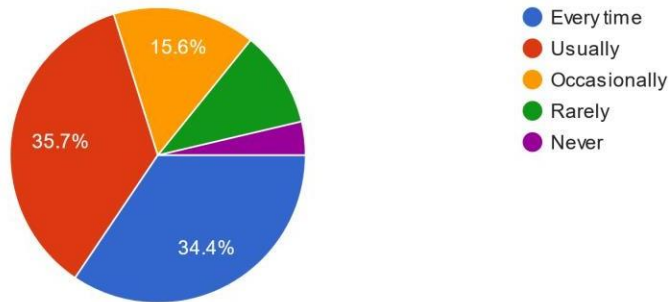

The student satisfaction survey for the session 2023-24 was administered in online mode via Google Forms, comprising of 10 multiple-choice questions and one open-ended question designed to capture the experience of the students and suggestions for enhancing teaching methods, learning strategies or any other aspects related to the college. A total of 627 students has been participated in the survey.
